

D-Light 315 WATT CDM

Papillon

>95% DRIVER EFFICIENCY
UNIQUE REFLECTOR DESIGN PREVENTS HOTSPOTS
DAYLIGHT OR GREENPOWER LIGHT IN ONE FIXTURE
HIGHEST PAR OUTPUT PER WATT

To professional growers an extra gram per m² can mean the difference making a profit, or suffering a loss. This is why using the best and most up-to-date equipment is essential. At Papillon, we have a proven track record in manufacturing high-quality CDM grow lights. We have been developing professional grow light solutions for 40 years and counting.

D-Light 315 WATT CDM

Daylight or GreenPower lamp

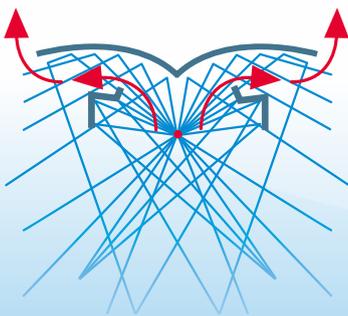

The Daylight lamp is a broad-spectrum grow light, optimized to offer an enhanced ratio of blue light. This lamp is perfect to use during the vegetative stage of a plant's life cycle. The GreenPower lamp has a broad spectrum with a peak in the 660nm Deep Red area. This peak encourages more growth during the generative cycle, resulting in a stronger and more productive plant during the flowering stage.

Ultra-durable

The Papillon D-Light fixture features an ultra-durable electronic ballast with an average lifetime of 50,000 hours. The average lifespan of the Daylight and GreenPower lamps is 16,000 hours, with an unbeatable light maintenance, thanks to the unique reflector design.

Open Style Reflector - Improves Airflow

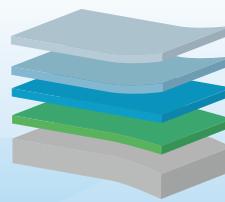

Prevents overheating of lamp and increases lifespan

High quality materials

By using a unique production process and high quality materials, our reflectors achieve an extremely high, reflective capacity. At the same time the open-style reflector is designed to limit the overheating of the lamp to as much as possible. As a result, there is minimal loss in the lamp's output over time. The reduction in output is kept to a minimum throughout the lamp's entire life.

VEGA green 5 LAYER REFLECTIVE COATING

- < protective glass
- < ultra reflective oxide
- < purest aluminium
- < bonding layer
- < base metal

TECHNICAL SPECIFICATIONS Papillon D-Light 315 CDM

Voltage	120 - 240 V	Rated Power	340 W
Frequency	50/60 Hz	Power factor	>> 0.97
Current consumption	2.83 - 1.42 Amp.	Warranty	3 Years, 1 year on lamp

Designed and manufactured in The Netherlands

Papillon offers a wide range of fixtures in HPS, CDM and LED. For every crop and individual situation, we can offer the perfect solution.
